Gate Information

Agave Ironwood Gate

EZ Installation, EZ Maintenance

No need to worry about warping, expansion, contraction, etc.

Benefits of the Agave Ironworks "Ironwood" Gates:

1. Combination of Iron and Wood sets your gate apart from standard "all-wood" or "all-iron" gates.
2. Selection of color combinations to contrast wood and iron.
3. Select wood species from Cedar, Redwood, or Pine.
4. The durability of an iron gate with the privacy of a wood gate.
5. Free floating wood slats allow for natural expansion and contraction of wood without altering the size, shape, or smooth operation of your gate (patent pending).

Styles:

1. Look through this catalog for design / style ideas.
2. Order one of our styles as shown.
3. Modify or personalize one of our styles.
4. Create your own style.
5. Custom and standard sizes available.
6. Single or Double Gate configurations

Accessories:

1. Iron scroll top pieces (arched or rectangular) for decoration on flat-top gates.
2. Lockset attachment boxes (single or double) for providing your own knob, deadbolt, etc.
3. Custom slider latches
4. Thumb Latches
5. Cane Bolts (Vertical slider bolts for stationary side on double gates)
6. Pull Handles
7. Clavos, and almost any other hand-forged iron design decor you can imagine.

Other Information / Options:

1. For Millworkers, Doormakers, and "Do-It-Yourselfers" we can supply just the iron frame and you can purchase, cut, finish and install the wood slats.

Prices: Prices are extremely reasonable, but do vary depending on size, design, accessories, wood species, installation needs, etc. Please visit us at www.AgaveIron.com
